

## CUSTOMER SUCCESS EMA ADVISORY

EMA Advisory develops and delivers cutting-edge commercial solutions, ensuring critical capability for its clients.

### OVERVIEW

## DISP Certification: Security and Compliance for Defence

EMA Advisory partnered with Bluerydge to secure DISP certification, meeting stringent Defence security and compliance requirements. Bluerydge provided mission-critical support, addressing governance, cybersecurity, and risk management to strengthen security posture and operational readiness. Their structured approach streamlined the process, ensuring full DISP accreditation. This certification reinforces EMA Advisory's standing in the Defence sector, demonstrating commitment to security excellence while enabling greater access to Defence contracts and strategic opportunities.

### CHALLENGE

#### 1 COMPLIANCE

Navigating complex DISP security and governance requirements.

#### 2 RISK

Mitigating cybersecurity, personnel, and operational risks.

#### 3 IMPACT

Failure to comply restricted Defence contract access.

## SOLUTIONS

Achieving DISP certification required a structured compliance approach, focusing on governance, cybersecurity, and risk management. Strengthening security frameworks, implementing clear policies, and ensuring alignment with Defence standards were key to success. A streamlined process reduced inefficiencies and reinforced operational readiness.

1

### STRUCTURED COMPLIANCE

Defined clear policies and frameworks to meet DISP security standards efficiently.

2

### CYBERSECURITY

Implemented robust controls to mitigate risks and align with Defence requirements.

3

### OPERATIONAL READINESS

Ensured security measures were embedded to support long-term compliance and resilience.

## RESULTS & INSIGHTS

The structured approach ensured full DISP compliance, strengthening security frameworks and operational readiness. Governance, cybersecurity, and risk management improvements reduced vulnerabilities and streamlined processes. Achieving DISP certification reinforced credibility within the Defence sector, positioning for expanded opportunities while maintaining strict security standards.

## THE FUTURE

With DISP certification secured, EMA Advisory is positioned for greater Defence sector engagement. Strengthened security frameworks and compliance measures ensure sustained operational readiness. This foundation enables seamless integration into Defence projects, expanding opportunities while maintaining the highest security standards.

## BENEFIT

With DISP certification secured, EMA Advisory now operates with strengthened security, compliance, and operational readiness. Partnering with Bluerydge ensures they have a trusted cybersecurity and technology ally for life. Bluerydge provides continuous support, advanced threat mitigation, and expert guidance to navigate evolving Defence security requirements. This long-term partnership reinforces EMA Advisory's resilience, adaptability, and ability to meet the highest security standards. With Bluerydge by their side, they remain mission-ready, future-proofed, and positioned for sustained success in the Defence sector.
